A8 The IRES does not publish unregistered papers received for its conferences.

A9 The IRES is not responsible for verifying the authorship of a paper. The person who submits the paper will be treated as its original author.

A10 If The IRES receives a complaint about the authorship of a paper and the The IRES management team finds it valid, the paper will be suspended from publication immediately.

A11 The IRES will not republish or distribute any suspended paper from the date of suspension.

A12 **Visa information:** It is the delegate's sole responsibility to check the visa requirements of the host country and to apply for a conference visa, if necessary. A visa invitation letter can be issued only after successful registration. The IRES is not responsible for obtaining any kind of visa, will not contact any embassy or send letters on behalf of participants, will not share any local person's contact details, and will not issue a letter of guarantee for obtaining a visa.

B - Attending The IRES International Conferences

B1 All participants must register before arriving at the venue by paying the fee stated on the registration page of the official conference website (https://icrastem.com/conference_registration.php), or as specified in a written letter from the Organizing Secretary.

B2 Participants should regularly follow the official conference website for the latest information about the event.

B3 The organizer may change the venue and date at any time before the conference. In such a case, only registered participants will be informed by e-mail and phone.

B4 The IRES is not responsible for refunding travel tickets or any other financial loss to participants if the conference is cancelled or rescheduled. If The IRES cancels the event, participants receive a credit for 100% of the fee paid, usable within one year at another ICRASTEM or allied event.

B5 **Transfer:** Fully paid registrations can be transferred to another person from the same organization only 30 days or more before the conference, by written request to icrastem@theires.org with the replacement's full name, title, phone number and e-mail.

B6 **Online conference:** The IRES may move the conference online due to unforeseen circumstances (such as a pandemic, travel restrictions or natural disasters). In such a case, no registration amount will be refunded.

C - Publication in Scopus / Web of Science and Associated Journals

C1 The IRES reserves the right to select papers from the conference for publication in international journals.

C2 **Publication in Scopus-indexed, Clarivate WoS or other associated journals/proceedings:** on the author's written request, The IRES can submit the paper to such journals. Additional charges apply; the author will have to pay the publication cost/APC of the particular journal. Review and publication may take 1 to 12 months.

C3 The IRES acts only as a mediator for publication in associated journals. Authors are encouraged to verify the journal's home page and indexing, using their own sources, before giving any paper to The IRES for processing.

C4 It is the author's sole responsibility to check the journal's ISSN, indexing and impact factor on the journal's home page, Scopus, WoS or other sources.

C5 Conference proceedings are submitted to the Web of Science Book Citation Index (BkCI) and Scopus for evaluation. Indexing is decided by those agencies and is not guaranteed.

C6 The IRES is not responsible if any journal is later discontinued or declared a clone/fake journal by Scopus, WoS or any indexing or government agency. No money will be refunded for papers published in such journals.

C7 Fees paid to attend the conference will not be refunded if the registered paper is not selected for a Scopus/WoS journal, or if the author chooses not to publish in an associated journal after the conference.

C8 Authors must pay the hard-copy charges to receive a printed copy of a journal.

C9 The editorial board reserves the right to reject any paper for journal publication after the second round of review. If the paper is rejected, the conference registration fee will not be refunded.

C10 The IRES reserves the right to select or reject any paper. The decision of The IRES management will be final.

D - Plagiarism Policy

The plagiarism policy ensures that authors give due credit to other authors when referencing, and it protects the academic integrity of the research community.

D1 All papers submitted for publication are checked with plagiarism-detection software to verify their originality and similarity percentage. Papers that fail to meet the criteria are returned to the author for revision.

D2 If plagiarism is detected just before publication, the author will be given a chance to resubmit the paper after making the changes suggested by the editor. If the editor considers the plagiarism a major issue, the paper will not be considered further for publication.

D3 If plagiarism or a fake identity is suspected or detected after publication, the paper will be removed until verification is complete. If only a few paragraphs are plagiarized, the author will be given a chance to revise the paper.

D4 If The IRES decides that plagiarism or a fake identity is a major issue in a published paper and it seriously violates the copyright of others, the paper will remain withdrawn, and the author may be blacklisted from The IRES conferences.

D5 Authors who republish their earlier published work (self-plagiarism) will be dealt with by the same procedure.
